Identity Protection PIN (IP PIN)

An Identity Protection PIN (IP PIN) is a six-digit number that prevents someone else from filing a tax return using your Social Security Number or Individual Taxpayer Identification Number.

The IP PIN is known only to you and the IRS. It helps us verify your identity when you file your electronic or paper tax return. Even though you may not have a filing requirement, an IP PIN still protects your account.

Your assigned IP PIN is 827297

- This IP PIN must be used when filing any federal tax returns during the current year (2026), including prior year returns. (Example: It must be used if filing for tax year 2025, 2024, and 2023)
- New IP PINs are generated each year and can be retrieved or viewed by signing back into your online account starting in early January.
- **Do not reveal your IP PIN to anyone other than your tax preparer.**
